

ArrayTouchFire™ 144 Cues, Expandable, Programmable Addressing Electrical Firing System

ATF144 "Everything" you need: ATF3 24VDC Pushbutton - Toggle Switch firing panel w/microprocessor controlled SmartCharger \$799

- 12 **ADF AddressedTerminalFire** programmable high impact polystyrene, 12 cue, diode protected PyroSpringPost slats @ \$99 ea. \$1188
- 11 **CA025** water resistant cables, multistranded 22 gauge, 25 ft each (one between each of 12 PyroSpring Slats) \$69 ea. \$759
- 2 **CA050** water resistant cables, 22 gauge 50 ft each with 1 gender changer (F - F) to convert to one 100 foot cable @ \$89 ea. + \$5 \$183
- 12 **SSS** shorting safety shunts \$5 ea. \$60
- 1 **YSPL** Y splitter box / cable (M - F/F) & gender changer (F - F) (enables splitting to any direction or distance anywhere within the system) \$49
- 1 **MAPL** Gooseneck map light accessory for lighting on the **Array Touch Fire III** \$39
- 1 **TRCS** transport case for 12 **AddressedTerminalFire** slats. Aluminum valance & edges, steel hardware & corners, foam lined \$349

ONE TERRIFIC VALUE! compared to the price of other systems which are not nearly as **complete** or as **versatile** as ours. ~~\$3426~~

YOU SAVE 15+% (\$527) ON THIS **COMPLETE** SYSTEM **NOW ONLY \$2899**

On a tight budget? Exclude the TRCS slat transport case and save another \$300 **NOW ONLY \$2599**

Tighter budget? "The case slat style 144 cue system" (see below) **NOW ONLY \$2399**
Includes: ATF3, 24VDC & Smartcharger, 3 QCADF, 2 CA050 & 5 CA025 cables, 6 SSS, 2 GENFF, MAPL

Tightest budget? "Beginner 1/2 System" 72 cues (see below) **NOW ONLY \$1999**
Includes: ATF3, 24VDC & Smartcharger, 1 QCADF, 2 ADF, 2 50' & 3 25" cables, 4 SSS, 1 GENFF, MAPL

* All slats and cables can be used **unmodified** with our **Automated Timed Fire™** Digital Computer Firing System

Expansion options at discounted pricing levels for quantities as follows

ATF12 TwelvePack Expansion

- 12 **ADF AddressedTerminalFire** programmable high impact polystyrene, 12 cue, diode protected PyroSpringPost slats @ \$99 ea. \$1188
- 12 **CA025** water resistant cables, multistranded 22 gauge, 25 ft each (one between each of 12 PyroSpring Slats) @ \$69 ea. \$828
- 12 **SSS** shorting safety shunts \$5 ea. \$60

~~\$2076~~
ONLY \$1849

Save 10+% (\$227)

ATF6 SixPack Expansion

- 6 **ADF AddressedTerminalFire** programmable high impact polystyrene, 12 cue, diode protected PyroSpringPost slats @ \$99 ea. \$594
- 6 **CA025** water resistant cables, multistranded 22 gauge, 25 ft each (one between each of 6 PyroSpring Slats) @ \$69 ea. \$414
- 6 **SSS** shorting safety shunts \$5 ea. \$30

~~\$1038~~
ONLY \$929

Save 10+% (\$109)

* All slats and cables can be used **unmodified** with our **Automated Timed Fire™** Digital Computer Firing System

Automated Timed Fire™ - Digital Computer Firing System - See price sheet on reverse side

Integrated Accessories, Mini Expandable Firing Systems & Supplies:

ATF3 ArrayTouchFire III, 24VDC Array matrix pushbutton firing panel, w/ **MAPL** Gooseneck light \$799

ALT AlteredTouchFire pushbutton mini firing panel. Utilizes **AddressTerminalFire** slats & cables priced below for 12 to 48 cues \$129

ADD AddedToggleFire toggle switch mini firing panel. Utilizes **AddressTerminalFire** slats & cables priced below for 12 to 48 cues \$129

BSK Basic Starter Kit 12 cue mini firing system: includes (1) CA050; (1) ADF; (1) SSS; (1)PCA or PCC; Choice of (1) ALT or ADD \$329

QCADF Quad Case **AddressedTerminalFire** programmable high impact polystyrene case, four - 12 cue, diode protected PyroSpringPost slats \$399

ADF AddressedTerminalFire programmable high impact polystyrene, 12 cue, diode protected PyroSpringPost slat \$99

TRCS Transport Case for up to 12 **AddressedTerminalFire** slats. Aluminum valance & edges, steel hardware & corners, foam lined \$349

YSPL Y Splitter. Use anywhere in the system to branch out signal/power for cues to other areas \$49

PCAA 12VDC Bridged power cable. For connecting **Array3** firing panel to optional external 12VDC batteries for 36 & 48 volt operation \$29

PCA 12VDC Power cable. For connecting our mini firing units **Altered, or Added** to a battery (alligator clips) \$29

PCC 12VDC Power cable. For connecting our mini firing units **Altered, or Added** to a battery (cig. lighter plug) \$29

TST AlwaysTestFirst Mini Circuit Continuity Analyzer (plug it in out in the field and test for 12 open circuits per slat at a glance, or tests cables) \$49

TST2 ArrayTestFixture Mini Circuit Continuity Analyzer (plug in out in field to test a full 144 cues at the push of a button) \$189

BNK4 BANK switchbox. Expands **ArrayTouchFire** to 576 cues & mini systems to 48 cues at the turn of a dial (extra slats and cables required) \$29

MAPL Gooseneck light accessory (for lighting on the **Array Touch Fire III** or the **Automated Timed Fire** CIM) \$39

GENFF Gender changer Female to Female (connecting two cables together) \$5

SSS Shorting Safety Shunt \$5

CA010 Water resistant cables, 22 gauge 10 feet multistranded \$39

CA025 Water resistant cables, 22 gauge 25 feet multistranded \$69

CA050 Water resistant cables, 22 gauge 50 feet multistranded \$89

CA100 Water resistant cables, 22 gauge 100 feet multistranded \$149

PSP 1½" flat head machine screw, 3 nuts, 1 spring cup, one 3lb spring. Qty (24 per package): 1 \$19.00, 2-6 \$17.00 ea, 7-12, \$16.00 ea, 13-48 \$15.00 ea, 49 + \$14.00 ea.

PyroSpringsPost – all parts are stainless steel, reliable, durable and the simplest connectors for electric match leads, pioneered then **improved** by **ATF**;

ATF156CASE Complete 156 Cue Starter System Package using take-apart case type addressable slot boxes

1 CIM Computer Interface Module, includes charger, pickle type deadman switch, Comm port cable & gooseneck lamp	\$895.00
1 M156 Module, 12 cues on the module, 2 ports to connect up to 144 additional cues via QCADF below	\$795.00
1 XLR100 4 conductor XLR cable 100 foot Male, Male	\$89.00
4 XLRTERM Terminating resistors for empty XLR jacks at the end of runs and on empty XLR jacks on CIM	\$40.00
3 QCADF Quad Case AddressedTerminalFire programmable slot take-apart case boxes (24 cues per lid 24 cues per bottom)	\$1197.00
6 CA025 Water resistant cables, 22 gauge 25 feet multistranded	\$414.00
6 SSS Shorting Safety Shunts	\$30.00
1 Affordable Timed Fire™ Firing software license agreement	\$495.00
	-\$3955.00
	\$3799.00

You save \$156 on this Complete Starter Package *That's \$24.35 per cue for your first 156 cues including software*

ATF156RAIL Complete 156 Cue Starter System Package using rail type addressable slats

1 CIM Computer Interface Module, includes charger, pickle type deadman switch, Comm port cable & gooseneck lamp	\$895.00
1 M156 Module, 12 cues on the module, 2 ports to connect up to 144 additional cues via ADF below	\$795.00
1 XLR100 4 conductor XLR cable 100 foot Male, Male	\$89.00
4 XLRTERM Terminating resistors for empty XLR jacks at the end of runs and on empty XLR jacks on CIM	\$40.00
12 ADF AddressedTerminalFire programmable rail slats, 12 cues per rail	\$1188.00
12 CA025 Water resistant cables, 22 gauge 25 feet multistranded	\$828.00
12 SSS Shorting Safety Shunts	\$60.00
1 Affordable Timed Fire™ Firing software license agreement	\$495.00
	-\$4390.00
	\$4199.00

You save \$191 on this Complete Starter Package *That's \$26.92 per cue for your first 156 cues including software*

ATF32 Complete 32 Cue Starter System Package (no slot boxes or rails required)

1 CIM Computer Interface Module, includes charger, pickle type deadman switch, Comm port cable & gooseneck lamp	\$895.00
1 M32 Module, 32 cues on the module	\$695.00
1 XLR100 4 conductor XLR cable 100 foot Male, Male	\$89.00
4 XLRTERM Terminating resistors for empty XLR jacks at the end of runs and on empty XLR jacks on CIM	\$40.00
1 Affordable Timed Fire™ Firing software license agreement	\$495.00
	-\$2214.00
	\$2099.00

You save \$112 on this Complete Starter Package *That's \$65.59 per cue for your first 32 cues including software*

ADD156RAIL Each Additional 156 cue Add on package using rail type addressable slats

1 M156 Module, 12 cues on the module with 2 ports to connect up to 144 additional cues via ADF below	\$795.00
1 XLR025 4 conductor XLR cable 25 foot Male, Male	\$39.00
12 ADF AddressedTerminalFire programmable rail slats, 12 cues per rail	\$1188.00
12 CA025 Water resistant cables, 22 gauge 25 feet multistranded	\$828.00
12 SSS Shorting Safety Shunts	\$60.00
	-\$2910.00
	\$2749.00

You save \$161 on each 156 Cue Add on Package *That's \$17.62 per cue for each additional cue*

ADD156CASE Each Additional 156 cue Add on package using take-apart case type addressable slot boxes

1 M156 Module, 12 cues on the module with 2 ports to connect up to 144 additional cues via QCADF below	\$795.00
1 XLR025 4 conductor XLR cable 25 foot Male, Male	\$39.00
3 QCADF Quad Case AddressedTerminalFire programmable slot take-apart case boxes (24 cues per lid 24 cues per bottom)	\$1197.00
6 CA025 Water resistant cables, 22 gauge 25 feet multistranded	\$414.00
6 SSS Shorting Safety Shunts	\$30.00
	-\$2475.00
	\$2349.00

You save \$126 on each 156 Cue Add on Package *That's \$15.05 per cue for each additional cue*

ADD32 Each Additional 32 cue Add on package (no slot boxes or rails required)

1 M132 Module, 32 cues on the module	\$695.00
1 XLR025 4 conductor XLR cable 25 foot Male, Male	\$39.00
<i>That's \$22.94 per cue for each additional cue</i>	\$734.00

Individual items and accessories

CIM Computer Interface Module, pickle type deadman switch, Comm port cable & gooseneck lamp	\$895.00
M156 Module, 12 cues on the module, 2 ports to connect up to 144 additional cues via ADF or QCADF slats	\$795.00
M32 Module, 32 cues on the module (no slot boxes or rails required)	\$695.00
ATFSS Arrange The Fireworks™ Choreography, Scripting, Layout, Cue Generation Software	\$995.00
SMARTCHARGER 12VDC, Charges any component including the 24VDC modules	\$59.00
XLRGENFF 4 conductor XLR Female to Female adapter (for connecting two XLR type cable lengths together)	\$29.00
XLRTERM Terminating resistor for empty XLR jacks at the end of all runs and on empty XLR jacks on CIM	\$10.00
TRCS Transport case to carry up to 8 units (CIM, M156, M32 or QCADF) or 12 ADF rail type addressable slats	\$349.00
XLR025 4 conductor XLR cable 25 foot Male, Male	\$39.00
XLR050 4 conductor XLR cable 50 foot Male, Male	\$59.00
XLR100 4 conductor XLR cable 100 foot Male, Male	\$89.00
XLR200 4 conductor XLR cable 200 foot Male, Male	\$129.00
XLR500 4 conductor XLR cable 500 foot Male, Male	\$269.00
XLRxxx 4 conductor cable XLR custom length \$.50 per foot plus \$29 for 2 Male connectors	

ATF Mortars

Anchor The Fuse™ Wedge In & Strain Relief

With **GUARANTEED** Lowest Prices*

* **ATF** will match the lowest advertised price of any comparable mortar offered by any U.S. manufacturer within 30 days of your purchase from us.

HDPE Plugged & cross grain, zinc plate bolted, through complete assembly (no flimsy screws that rust from the salts, then later break)

- All plugs are cut .015" to .070" oversized and are hydraulically press fitted through a .375" depth chamfer in the bottom in the pipe
- All plugs are kiln dried wood, cross grain bolted (3"=1/4" bolt, 4"=5/16" bolt, 5"=5/16" bolt, 6"=3/8" bolt, 8"=3/8" bolt, 10" & 12" = 3"x1/2" Lags)
- When more than one plug is used in a mortar the grains are installed at 90 degree angles to each other and waterproof glued, then pressed. These bolts reinforce the plugs like rebar in concrete. Fastener are; ZB=zinc plated bolts, ZLB=zinc plated lag bolts, CS=crown staples
